Said Homestead Loan Fund shall be lent to citizens of Missouri for the following purposes and for no other purpose whatsoever: (1) to purchase homesteads; (2) to erect permanent improvements on homesteads. Not more than three-fourths of the appraised value for any homestead shall be lent thereon; PROVIDED, however, that three-fourths of the appraised value of the improvement may be added to the three-fourths of the appraised value of the land to ascertain the limit of the loan. No loan exceeding three thousand dollars shall be made on one homestead. Every loan shall be secured by note and mortgage or deed of trust constituting a first lien on the homestead, except taxes and special assessments; and the improvements on the homestead shall be kept safely insured against fire and theft, and the policy shall be assigned as additional security for the loan. Every loan made from said fund shall bear interest at three per cent per annum, beginning one year after date of the loan, which interest, together with one-twentieth of the principal, shall be paid at the end of the second year and at the end of each year thereafter until the loan is paid in full; PROVIDED, however, that if the homestead on which such loan is made shall cease to be used as such by the owner or his family, then the unpaid portion of such loan shall become payable in three equal installments falling due at the dates of the next three installments of the loan as due by the original terms thereof, with interest at six per cent per annum.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF MISSOURI:

The Constitution of Missouri shall be and the same is hereby amended by adding the following Section to Article X thereof:

All public revenues for state, county, municipal, school and all other public purposes shall be derived from taxes on the value of land exclusive of improvements and from such taxes as may be imposed by law on the manufacture and sale of intoxicating liquors and tobacco, and on income and inheritance; but this shall not prevent the imposition of such license taxes as may be necessary to a proper exercise of the police power. Rights of way for public utilities shall be deemed property and the value thereof shall be taxed accordingly if not owned by the public. This amendment shall govern all taxes for which assessments shall be made on and after June 1st, 1919, but not those assessed before that date. All constitutional limitations of rates of assessment and taxation are hereby abolished and the legislature is hereby empowered to fix such rate of taxation as shall produce the revenue required for state and school purposes and in counties the County Court of each county and in municipalities the corporate authorities of each municipality shall have power to determine the rate necessary to produce the revenue needed from time to time for municipal purposes; PROVIDED, that any school district in the state may increase the rate for school purposes fixed by the legislature by submitting such increase to a vote of the people of such district. That at the general election to be held on Tuesday, following the first Monday in November, 1918, there shall be submitted to the qualified voters of Missouri, for adoption or rejection, the following constitutional amendment, to-wit: The repeal of Sections Sixteen and Seventeen of Article Nine of the Constitution of Missouri, and the adoption of the following new sections in lieu thereof:

Section 16. Charter framed by Large Cities.—Any city having a population of more than one hundred thousand inhabitants may frame and adopt a charter for its own government, consistent with and subject to the Constitution and laws of the state in the following manner:

The legislative authorities of the city may provide, by ordinance, for submission to the voters the question: "Shall a commission be chosen to frame a charter?" If such ordinance becomes effective more than sixty days before the next election such question shall be submitted at such election, and if not, then at the next general election thereafter, except as herein otherwise provided. Such question shall also be submitted, when requested, by a petition signed by 15 per cent of the qualified voters of such city, filed with the Board of Election Commissioners of such board or officials as may be in charge of municipal elections in such city. If such petition prays for a special election and is signed by 50 per cent of the qualified voters of such city, a special election shall be held in such city not less than sixty days, nor more than ninety days, after the filing of such petition. The percentage of electors required to sign any petition provided for herein shall be based upon the total number of electors voting at the last preceding general municipal election. The petitions herein provided for shall be canvassed by the Board of Election Commissioners or other officials having charge of municipal elections in such city, and its determination as to the sufficiency of such petition shall be final.

The question of whether or not a commission shall be chosen to frame a new charter and the names of electors or sets of names of electors of the city, who are candidates for the proposed commission, shall be printed on the same ballot. Candidates for the proposed commission shall be nominated by petition signed by not less than 2 per cent of the qualified voters of such city and filed with the Board of Election Commissioners, or other officials having charge of municipal elections in such city, at least thirty days prior to such election; PROVIDED, that in no case shall the signatures of more than 1,000 voters be required to nominate a candidate. If a majority of electors voting on the question of whether or not a charter commission shall be chosen to frame a charter, vote in the affirmative, then the thirteen candidates receiving the greater number of votes shall constitute such commission.

Any charter so framed shall be signed by a majority of the commission, and filed with said election officials, who shall submit said charter to the electors of the city at an election to be held at a time fixed by the charter commission, but at least thirty days subsequent to the completion of the charter and not more than one year from the date of the election of such commission. Any part or parts of a charter so framed may be submitted to be voted upon separately and shall be deemed adopted if it adopted by a majority of the votes cast on that proposition. Any alternative section or article may be presented for the choice of the voters and may be voted on separately, and accepted or rejected separately, without prejudice to other articles or sections of the charter. If a charter is adopted at such election that section or article submitted in the alternative, which receives the greater number of votes, shall be deemed adopted. If any such proposed charter be approved by a majority of the electors voting on the proposition whether or not a new charter shall be adopted, it shall become the charter of such city at the time fixed therein. Duplicate certificates shall be made, setting forth the charter adopted and its ratification which shall be signed by the chief magistrate of the city, and authenticated by its corporate seal. One of such certified copies shall be deposited in the office of the Secretary of State and the other, after being recorded in the records of the city, shall be deposited among the archives of the city and all copies shall take judicial notice thereof. The notice for any election provided for in this section shall be published for at least three weeks in at least one newspaper printed in such city, which newspaper shall have a bona fide sale of circulation in such city of at least 2,000 copies of each issue, in which such notice is published, and which newspaper has been published continuously for fifty-two weeks next before the publication of such notice, such publication of such notice to be made at least once each week and on the same day of each week in each of said three weeks, and the last publication to be within two weeks of the date of such election.

Section 17. Amendments to any charter framed and adopted under the authority of Section Sixteen of Article Nine of this Constitution, may be submitted to the electors by a charter commission in the manner provided for the submission of a complete charter. Amendments may also be proposed by the legislative authority of the city or by a petition of not less than 15 per cent of the qualified voters of the city, filed with the Board of Election Commissioners, or officials having charge of municipal elections in such city, setting forth such proposed amendment. The legislative authorities of the city shall at once vote thereon, and if approved by a majority of those voting thereon, shall become a part of the city charter at the time and under the conditions fixed in such amendment; and sections or articles may be submitted in the alternative and determined in the same way as hereinbefore provided with reference to alternative sections or articles of a complete charter.
